

ATMA RAM SANATAN DHARMA COLLEGE (UNIVERSITY OF DELHI)

Shikhar: Mountaineering Club

Shikhar - The Mountaineering Club of ARSD College, was established in 2017 and has since flourished by bringing together like-minded individuals with a shared love for adventure. The club consistently organizes a range of thrilling activities such as wall climbing, bouldering, nature walks, cycling, treks and many more, fostering a vibrant community of explorers.

This session kicked off with an engaging orientation programme on 20th September, which welcomed around 80 students from various courses — all eager to learn more about Shikhar and its future plans. The orientation introduced members not only to the adventurous side of the club but also to its internal operations and opportunities that contribute to personal and skill development. A recap video showcasing previous treks and events added an exciting touch to the session.

Shikhar hosted its first event - Wall Climbing and IMF Museum Visit on 20th October in collaboration with the Indian Mountaineering Foundation (IMF). The event saw enthusiastic participation, where members pushed their limits and embodied the true spirit of Shikhar — growth through challenge.

Shikhar also participated in the college's Diwali Mela, setting up a fun-filled games stall featuring activities like Break the Pyramid, Spin the Wheel, and Match the Glasses. The event drew a lively crowd and gave our freshers a chance to build essential skills like teamwork, event management, and coordination.

After a hectic exam season, Shikhar organized a bouldering session on 18th February, where participants pushed their physical and mental boundaries. The event proved to be a successful and inspiring experience, rekindling the adventurous spirit within all involved.

Continuing the momentum, a Nature Walk was organized on 4th March at Sanjay Van Park. The day was packed with engaging games and a tent-pitching competition that offered hands-on learning and strengthened team dynamics. Participants gained practical experience valuable for future treks.

With each passing event, Shikhar continues to grow stronger, fostering a supportive environment for adventure enthusiasts and nurturing a spirit of perseverance and self-growth.
