Why Constitution Matters?

Date of the Program: 05.10.2019

No. of Participants: 125

Organized by: Popular Lecture Series, ARSD College

Speaker: Prof. Faizan Mustafa, NALSAR University of Law, Hyderabad

Prof. Faizan Mustafa started his lecture by defining constitution and the situations in which a constitution is made. He traced the historical as well as contemporary forms of government and relation with discussing different theories of King making - divine theory, might theory and socio-economic theory, he focused on power and the corruption associated with it. He further added that the constitution was made to have control and restrict the power of the ruler, but the way a state plays with the constitution by making amendments in its favour is a threat to democracy. So, it becomes the duty of the Supreme Court and its judges and people save the constitution. Other issues like constitutional morality, secularism, directives and rights were also discussed. An interesting analogy was made by the speaker when he said that the way students make a good teacher, quite similarly, it is the people who make a good state. So, we should be rational and knowledgeable to have a good government. He concluded his lecture with the most quoted line by our PM, 'the holiest book in the world is our constitution'. The programme ended with the vote of thanks proposed by Dr. Vikas Kumar. He summarized and reinforced the views expressed by the speaker and thanked him for his inspiring, informative and thought-provoking talk that had generated many relevant questions from the students.
