

ATMA RAM SANATAN DHARMA COLLEGE

(UNIVERSITY OF DELHI)

The UID: Welfare, Surveillance, Privacy and Rights

Date of the Program: 12.11.2018

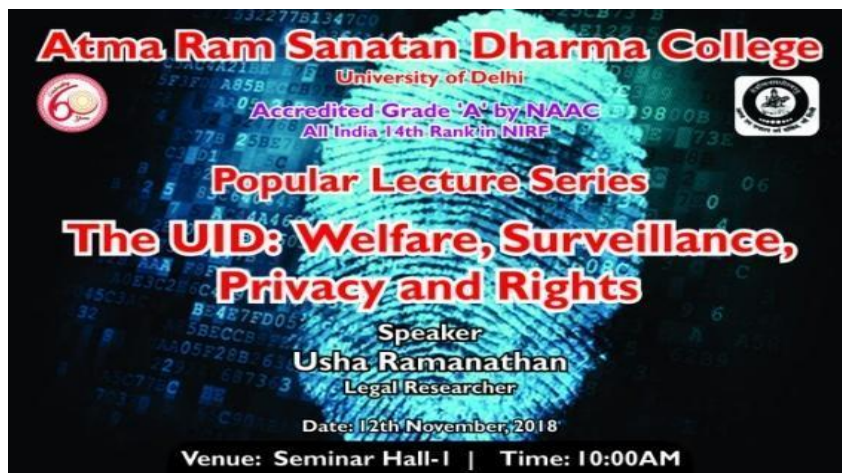

No. of Participants: 102

Organized by: Popular Lecture Series, ARSD College

Speaker: Dr. Usha Ramanathan, Legal Researcher

The popular lecture series, ARSD College, made its debut in the 2018-19 session with its first talk, which was based on the Supreme Court judgement on Aadhar, "The UID: Welfare, Surveillance, Privacy, and Rights," by an eminent speaker, Dr. Usha Ramanathan. As a legal researcher, she writes and speaks on issues that include the jurisprudence of law, poverty, rights, mass displacement, eminent domain, manual scavenging, beggary, the environment, the judicial process, etc. She has served as a member on the committee to review the Draft Human DNA Profiling Bill 2012, to study the socio-economic status of tribal communities, and to revise the vagrancy law. The programme began with a welcome note and felicitation of the guest with a flower pot by the principal. Dr. Shubha Diwedi gave a brief overview of the workings of the committee, its past achievements, and the distinguished guests who have delivered the popular lecture in college. Before the speaker, she read the concept note of the programme for our audience. The lecture started with the principal telling the audience about the importance of the topic and issue in today's world. He shared the general concern and asked some questions to our speaker about the use and impact of Aadhar in our lives. Dr. Ramanathan began the talk by emphasizing the very concept of a UID and the manner in which this whole UID or Aadhar scheme was implemented by the government. She explained the entire scheme: from January 2009 onwards, the UIDAI (Unique Identification Authority of India) was created with the objective of issuing Unique Identification numbers (UIDs), also known as "Aadhaar," to all residents of India. In 2016, it was established as a statutory authority under the provisions of the Aadhaar (Targeted Delivery of Financial and Other Subsidies, Benefits, and Services) Act, 2016 ("Aadhaar Act 2016"). The programme ended with a vote of thanks proposed by Dr. Vikas Kumar. He summarised and reinforced Dr. Ramanathan's views and thanked her for his inspiring, informative, and thought-provoking talk that had left students with more questions.
