

ATMA RAM SANATAN DHARMA COLLEGE (UNIVERSITY OF DELHI)

E-Waste Management Seminar

Date & Time: 23rd January, 2023 | 2:30 PM

No. of Participants: 105

Organized by: Department of Electronics

Collaboration: Paritantrika (Eco Club) and IQAC

Speaker Name with contact Details: Ms. Priti Mahesh (Chief Program Co-Ordinator, Toxics Link)

Summary:

The Department of Electronics in collaboration with Paritantrika Eco Club organized a seminar on the topic 'E-waste Management' on 23th January 2023, to spread awareness about the efficient management and disposal of electronic wastes, generated by households, offices and factories on daily basis. The Speaker for the seminar was Ms. Priti Mahesh, an Environmentalist, who is also the Chief Program Co-Ordinator at Toxics Link, a Non-Profit Organization.

The session started with the lightening of lamps and diyas by the guest speakers, the Conveners, and other students. It commenced with the speaker explaining what E-waste is, and how it impacts our daily life. She highlighted that electronic waste is a relatively new phenomenon often dealt with casually, paving way too many chronic diseases in humans and other life forms, as it is highly toxic and hazardous.

The speaker called for a sustainable approach to E-waste management, which can be done at the grassroots level by regenerating, recycling, reusing, re-manufacturing and repair. The speaker talked about the difference that sharing devices in a household can make. Furthermore, she elucidated that awareness is key and we can come forward and change the present scenario.

The session was concluded by Dr. Saruchi Tandon extending the vote of thanks. The session encouraged participants to work on ways of reducing/recycling the E-Wastes and filled them with the warmth of provocation which would help them to get success in their careers.
