## Workshop on A.I. and Metaverse

**Date of the Program:** 14-10-2022

**No. of the Participants:** 40

**Organized by:** Illuminati Physics society

On 14th October 2022, we organised a workshop related to Artificial Intelligence, its implications, and about Metaverse. Dr. Sachin sir, our esteemed guest, helped us understand the basics of A.I., its future aspects and how crucial it will be in the coming time. They also taught us about career opportunities in the same and how we as students can take A.I. as a career and become experts in that.

Later our speaker told us about Metaverse and how it can enhance various sectors like medical, tourism, e-gaming. He also elaborated on its cons and answered curious questions like will A.I. take over humans or will they be able to replace us in jobs. Overall the workshop was very fascinating and everyone got to learn a lot of new things there.
