SEBI visit allowed the students to learn about Investors Protection, Investment avenues and functions of SEBI. The session highlighted various investment avenues, its pros and cons, working of stock exchanges, different rules and regulations of SEBI, and multiple job profiles for MBA finance students and the requirements for recruitment at SEBI.

The visit was essential to the students as it emphasized the practical application of the concepts they study in the classrooms. The questions asked by the facilitator encouraged the students to ponder out of the box. The primary purpose of such visits is to bridge the gap between industry and academia. The students get an opportunity to learn the in-depth knowledge of the regulatory body, which eases their recruitment process.
