The seminar included practical demonstration of the different situations which may come up for an interviewee during an interview. The session was dedicated to helping the students to take up contentious issues like Resume drafting, general topics that are discussed in GD's; types of interviews and the key points that interviewers look for; the do's and don'ts in interviews and the points that should always be remembered in order to crack them; and finally interview etiquette with special emphasis on grooming for interviews. The speaker spoke at length about how even the best of candidates suffer from stage fright which makes them lose out at the n-th moment, while others steal the show. The basic point that was underscored by the speaker was aimed at de-mystifying the whole process and preparing the students to face the interview board confidently.
